

# COM320 TryHackMe Lab – DNS in detail and HTTP in Detail

## Instructions

1. Visit <https://tryhackme.com/> and login to your registered account.

Note: There is an hour limit timeout for free accounts, but this is sufficient for each lab. However, if you require more time, then simply register for a second free account with a different email.

### ***How Websites Work & Putting it all together***

2. Complete the following:

- a. *DNS in detail*

<https://tryhackme.com/r/room/dnsindetail>

Walkthrough help video: [https://www.youtube.com/watch?v=IRygWMee2\\_g](https://www.youtube.com/watch?v=IRygWMee2_g)

- b. *HTTP in detail*

<https://tryhackme.com/r/room/httpindetail>

Walkthrough help video: <https://www.youtube.com/watch?v=rNuZ6f1i2Fw>

### **DNS in detail**

Learn how DNS works and how it helps you access internet services.

### **HTTP in Detail**

Learn about how you request content from a web server using the HTTP protocol
